

FIRST ANNOUNCEMENT
The 9th International School-Seminar
Nonlinear Analysis and Extremal Problems (NLA-2026)
Irkutsk, Russia, June 22–26, 2026

ORGANIZERS

- Matrosov Institute for System Dynamics and Control Theory SB RAS
- Krasovskii Institute of Mathematics and Mechanics UB RAS
- Novosibirsk State University
- Irkutsk State University

OBJECTIVES

The main objective of the international school-seminar is to introduce young scientists to the current state of research in nonlinear analysis and extremal problems. The school-seminar will feature short lecture courses from leading experts in various branches of mathematics. Main topics of the conference include:

- Nonlinear analysis and its applications
- Partial differential equations
- Dynamical systems
- Calculus of variations and mathematical control theory
- Optimization
- Numerical methods

Reports will be presented in a mixed format (offline and online). The school-seminar languages are **Russian** and **English**.

IMPORTANT DATES

Conference dates	June 22–26, 2026
Registration opens	January 15, 2026
Registration and abstract submission deadline	March 30, 2026
Notification of acceptance deadline	April 20, 2026

PROCEEDINGS

Abstracts of talks must be formatted in accordance with the L^AT_EXtemplate <https://conference.icc.ru/event/11/abstracts/> and sent through the school-seminar website. Extended versions of best talks will be recommended for publication in:

- *Journal of Mathematical Sciences* (Scopus)
- *The Bulletin of Irkutsk State University. Series «Mathematics»* (Scopus, Web of Science ESCI)

CONTACT INFORMATION

ISDCT SB RAS, 134 Lermontov St, Irkutsk, 664033, Russia.
